To Our Customers And Friends Many Thanks. . .

There's a story behind this catalog---

Nine years ago Southland Nurseries was started as a one man operation, actually beginning with the clearing of land and later building greenhouses, slat shades, cold frames and the like, until today we have expanded to more than 100 acres of nursery stock.

As we celebrate our Ninth Anniversary and look back over our growth and progress, we know that it never would have been possible without your friendly assistance and kind consideration.

We deeply appreciate your patronage and extend to you a most cordial invitation to visit our nursery at any time.

Awaiting with pleasure the opportunity of serving you further. . .

Sincerely,

GLEN F. HARRIS,

General Manager

CAMELLIA JAPONICA

We are offering a greater variety of the rare and standard Camellias this season and have attempted to give an accurate description of the blooms and habit of growth

All of our Camellias are field grown therefore the majority of them are well budded and stocky specimen plants.

WARD DAIKAGURA	1 Year Graft	7.50
HIGH HAT	1 Year Graft	\$10.00

ALBA PLENA

One of the oldest and most beautiful, full double, pure white Camellias that we know. We think it the finest white Camellia on the market today. It is well known throughout the South and not recommended to be planted in the open in the northern part of the Southern states. Very compact grower with maximum height 15 to 20 feet. Early bloomer.
